- (b) If so determined by the Directors, provided that not less than twenty one days' written notice has been given to the Members of the Company, Sub-Fund or class as appropriate, the Company may, redeem all the shares of the Company or the Sub-Fund or a class, as applicable.
- (c) If all of the shares in the Company are to be redeemed as aforesaid the Company, with the approval of the Members by Ordinary Resolution, may divide amongst the Members *in specie* all or part of the assets of the Company according to the value of the shares then held by each Member as determined in accordance with Article 14 hereof.
- (d) If all of the shares are to be redeemed as aforesaid and the whole or any part of the business or property of the Company or any of the assets of the Company is proposed to be transferred or sold to another company (hereinafter called "**the Transferee**") the Company may, with the sanction of a Special Resolution conferring either a general authority on the Directors or an authority in respect of any particular arrangement, receive in compensation or part compensation for the transfer or sale, shares, units, policies or other like interests or property in or of the Transferee for distribution among the Members, or may enter into any other arrangement whereby any Member may in lieu of receiving cash or property, or in addition thereto, participate in the profits of, or receive, any other benefit from the Transferee.
- (e) Where a redemption of shares pursuant to Articles 13 (a) or (b) would result in the number of Members falling below seven or such other minimum number of Members as the Act may stipulate as the legal minimum number of members in a public limited company or would result in the issued share capital of the Company falling below such minimum amount as the Company may be obliged to maintain pursuant to applicable law, the Company may defer the redemption of such shares to ensure compliance with applicable law. The redemption of such shares will be deferred until the Company is wound up or until the Company procures the issue of sufficient shares to ensure that the redemption can be effected. The Company shall be entitled to select the shares for such deferred redemption in such manner as it may deem to be fair and reasonable and as may be approved by the Custodian and Trustee.

14. **DETERMINATION OF NET ASSET VALUE**

- (a) The Company on each Dealing Day shall determine the Net Asset Values of each class of shares in the Company for the purposes of issuing and repurchasing the shares. The Net Asset Values shall be expressed in the Base Currency as a per share figure for each class of shares in issue and shall be determined on each Dealing Day in accordance with Article 15 hereof. Any liabilities of the Company that are not attributable to any Sub-Fund shall be allocated amongst the Sub-Funds based on their respective Net Asset Values. The Net Asset Value of the Company is calculated by deducting the total liabilities of the Company from the total assets of the Company. Total assets include the value of all investments held, the sum of any cash and accrued

interest. Total liabilities comprise all liabilities including any borrowings, accrued expenses and any contingencies for which reserves are determined to be required. In the event that an unhedged currency class of shares within a Sub-Fund are issued which is priced in a currency other than the Base Currency for that Sub-Fund, currency conversion costs on subscription and redemption will be borne by that class. In the event that a hedged class of shares within a Sub-Fund is issued which are priced in a currency other than the Base Currency for that Sub-Fund, the costs and gains/losses of any hedging transaction will be borne by that class.

- (b) The Company at any time may, but shall not be obliged to, temporarily suspend the determination of the Net Asset Value and the issue and redemption of such shares, in the following instances:
- (i) during any period (other than ordinary holiday or customary weekend closings) when any market is closed which is the main market for a significant part of the Investments, or in which trading thereon is restricted or suspended; or
 - (ii) during any period when an emergency exists as a result of which disposal by the Company of Investments which constitute a substantial portion of the Company's assets is not practically feasible; or
 - (iii) during any period when for any reason the prices of Investments cannot be reasonably, promptly or accurately ascertained by the Manager; or
 - (iv) during any period when remittance of monies which will, or may, be involved in the realisation of, or in the payment for, Investments cannot, in the opinion of the Manager, be carried out at normal rates of exchange; or
 - (v) during any period when the proceeds of issue or redemption of shares in the Company cannot be transmitted to or from the Company's account; or
 - (vi) during any breakdown in the means of communication or computation normally employed by the Administrator in determining the price or value of any of the investments of a Sub-Fund or in computing or communicating the price or value of a Sub-Fund itself; or
 - (vii) during any period when, as a result of political, economic, military or monetary events or any circumstances outside the control, responsibility and power of the Directors, disposal or valuation of investments of the relevant Sub-Fund is not reasonably practicable without this being seriously detrimental to the interests of Members or if, in the opinion of the Administrator, redemption prices cannot fairly be calculated; or

- (viii) upon the publication of a notice convening a general meeting of Members for the purpose of resolving to wind-up the Company or terminate a Sub-Fund or a Class.
- (c) The Company may elect to treat the first Business Day on which the conditions giving rise to the suspension have ceased as a substitute Dealing Day in which case the Net Asset Value calculations and all issues and redemptions of shares shall be effected on the substitute Dealing Day.
- (d) Any such suspension shall be published by the Company in such manner as it may deem appropriate to the persons likely to be affected thereby if in the opinion of the Company, such suspension is likely to continue for a period exceeding fourteen days and any such suspension shall be notified immediately to the Central Bank.

15. VALUATION OF ASSETS

- (a) Where a Sub-Fund is made up of more than one class of shares, the Net Asset Value of each class shall be determined by calculating the amount of the Net Asset Value of the relevant Sub-Fund attributable to each class. The amount of the Net Asset Value of a Sub-Fund attributable to a class shall be determined by establishing the number of shares in issue in the class, by allocating relevant Class Expenses (as defined below) and fees to the class and making appropriate adjustments to take account of distributions paid out of the Sub-Fund, if applicable, and apportioning the Net Asset Value of the Sub-Fund accordingly. The Net Asset Value per share of a class shall be calculated by dividing the Net Asset Value of the class by the number of shares in issue in that class. Class Expenses or management fees or charges not attributable to a particular class may be allocated amongst the classes based on their respective Net Asset Value or any other reasonable basis approved by the Custodian and Trustee and having taken into account the nature of the expenses, fees and charges. Class Expenses or management fees relating specifically to a class will be charged to that class. In the event that classes of shares within a Sub-Fund are issued which are priced in a currency other than the Base Currency for that Sub-Fund currency conversion costs will be borne by that class.

“**Class Expenses**” means the expenses of registering a class in any jurisdiction or with any stock exchange, regulated market or settlement system and such further expenses arising from such registration and such further expenses howsoever arising as may be disclosed in the Prospectus. The cost of converting currency and the costs and gains/losses of the hedging transactions are borne solely by the relevant class.

- (b) In determining the Net Asset Value per share of a Sub-Fund the securities of a Sub-Fund shall be valued at the last traded price as at the Valuation Point on the relevant market on the Dealing Day. The value of any Investment which is normally listed, traded or dealt in on a Regulated Market shall be the last traded price as at the Valuation Point on the Regulated Market which constitutes the main market for such security. In the case of any Investment listed, traded or dealt in on a Regulated Market where the price of an Investment is unrepresentative or where no quotation or value is available and

Investments not listed, traded or dealt in on a Regulated Market, the value of such security shall be determined by a competent person appointed by the Directors and approved for the purpose by the Custodian and Trustee or such value as may be considered in the circumstances to be fair and which value is approved by the Custodian and Trustee and such value shall be determined at its probable realisation value which must be estimated with care and in good faith. Investments listed, quoted or traded on a securities exchange but acquired or traded at a premium or at a discount outside or off the relevant securities exchange or on an over-the-counter market shall be valued taking into account the level of premium or discount at the date of valuation of the Investment and the Custodian and Trustee must ensure that the adoption of such a procedure is justifiable in the context of establishing the probable realisation value of the Investment.

Cash and other liquid assets will be valued at their face value with interest accrued, where applicable, to the Dealing Day.

Investments in a collective investment scheme will be valued on the basis of the latest available net asset value published by the collective investment scheme.

Exchange-traded derivative instruments shall be valued on each Dealing Day at the settlement price for such instruments on such market. If such market price is not available they shall be valued at their probable realisation value which must be estimated with care and in good faith by a competent person appointed by the Company and approved for the purpose by the Custodian and Trustee.

The counterparty to derivative instruments not traded on an exchange must be prepared to value the contract and to close out the transaction at the request of the Company at fair value. The Company may choose to value the over-the-counter derivatives using either the counterparty's valuation or an alternative valuation, such as a valuation calculated by the Company or by an independent pricing vendor provided that the Company or other party has adequate human and technical means to perform the valuation. The Company must value over-the-counter derivatives on a daily basis. Where the Company values over-the-counter derivatives using an alternative valuation the Company must follow international best practice and will adhere to the principles on the valuation of over-the-counter instruments established by bodies such as IOSCO and AIMA. An alternative valuation must be provided by a competent person appointed by the Directors and approved for the purpose by the Custodian and Trustee, or a valuation by any other means provided that the value is approved by the Custodian and Trustee. An alternative valuation will be reconciled to the counterparty valuation on a monthly basis. Where significant differences arise these will be promptly investigated and explained. Where the Company values over-the-counter derivatives using the counterparty valuation the valuation must be approved or verified by a party who is approved for the purpose by the Custodian and Trustee and who is independent of the counterparty. The independent verification must be carried out at least weekly. Forward foreign exchange

and interest rate swap contracts will be valued by reference to freely available market quotations.

The valuation of a specific asset may be carried out under an alternative method of valuation if the Directors deem it necessary. The alternative method of valuation must be approved by the Custodian and Trustee and the rationale for adopting the alternative method of valuation and the methodologies employed should be clearly documented.

The value of an asset may be adjusted by the Directors where such an adjustment is considered necessary to reflect the fair value in the context of currency, marketability, dealing costs and/or such other considerations which are deemed relevant. The rationale for adjusting the value must be clearly documented.

In respect of Sub-Funds which are money market funds the amortised cost method of valuation may be used for instruments (i) with a maturity at issuance of up to and including 397 days (ii) with a residual maturity date of 397 days or less (iii) that undergo regular yield adjustments in line with money market conditions at least every 397 days or (iv) that have a risk profile, including credit and interest rate risks, which corresponds to that of instruments which have a maturity of up to and including 397 days and are subject to a yield adjustment every 397 days.

In respect of Sub-Funds which are not money market funds, the amortised cost method of valuation may be used to value instruments with a residual maturity not exceeding six months.

Under the amortised cost method, a Sub-Fund's Investments shall be valued at their acquisition cost as adjusted for amortisation of premium or accretion of discount rather than at current market value. The Manager shall continually assess this method of valuation and recommend changes, where necessary, to ensure that a Sub-Fund's Investments will be valued at their fair value as determined in good faith by the Manager. The Company shall review each week any discrepancies between the market value of the assets and the value as determined by the amortised cost method of valuation. Escalation procedures shall be put in place by the Company to ensure that material discrepancies between the market value of the assets and the amortised cost method of valuation are brought to the attention of the Manager and in particular; (i) discrepancies in excess of 0.1 per cent. between the market value and the amortised cost value of the portfolio will be brought to the attention of the Manager; (ii) discrepancies in excess of 0.2 per cent. between the market value and the amortised cost value of the portfolio will be brought to the attention of the Directors, the Manager and the Custodian and Trustee; (iii) if the deviation is greater than 0.30 per cent. the Administrator will review the discrepancies on each Business Day until the deviation is less than 0.30 per cent and the Directors will promptly consider the actions necessary to reduce such dilution and will notify the Central Bank with an indication of the action, if any, which will be taken in this regard. The Manager will monitor the use of the amortised cost method of valuation in order to ensure that this method continues to be in the best interests of the Members and to provide a fair

valuation of the Investments of a Sub-Fund. There may be periods during which the stated value of an instrument determined under the amortised cost method of valuation is higher or lower than the price which a Sub-Fund would receive if the instruments were sold, and the accuracy of the amortised cost method of valuation can be affected by changes in interest rates and the credit standing of issuers of the Sub-Fund's Investments.

- (c) In calculating the Net Asset Value of the assets:
- (i) every share allotted by the Company shall be deemed to be in issue and the assets shall be deemed to include not only the relevant cash and property in the hands of the Custodian and Trustee but also the amount of any cash or other property to be received in respect of shares allotted;
 - (ii) where Investments have been agreed to be purchased or sold but such purchase or sale has not been completed such Investments shall be included or excluded and the gross purchase or net sale consideration excluded or included as the case may require as if such purchase or sale had been duly completed;
 - (iii) where notice of a redemption of shares has been given to the Custodian and Trustee but such cancellation has not been completed the Shares to be cancelled shall be deemed not to be in issue and the value of the assets shall be reduced by the amount payable to the Directors upon such cancellation;
 - (iv) where any amount in one currency is required to be converted into another currency the Directors may effect such conversion using such rates as the Directors shall determine at the relevant time except where otherwise specifically provided herein;
 - (v) there shall be deducted from the assets the total amount of any actual or estimated liabilities properly payable out of capital including outstanding borrowings (if any) but excluding liabilities taken into account under sub-paragraph (ii) above and any estimated liability for tax on unrealised capital gains;
 - (vi) there shall be deducted from the assets such sum in respect of tax (if any) on net capital gains realised during the current Accounting Period prior to the valuation being made as in the estimate of the Company will become payable;
 - (vii) there shall be deducted from the value of any Investment in respect of which a call option has been written the value of such option calculated by reference to the lowest available market dealing offered price quoted on a Regulated Market or if no such price is available a price certified by a stockbroker or other person approved by the Custodian and Trustee or such price as the Directors consider in the circumstances to be reasonable and which is approved by the Custodian and Trustee;

- (viii) there shall be added to the assets a sum representing any interest or dividends accrued but not received and a sum representing unamortised expenses;
 - (ix) there shall be added to the assets the amount (if any) available for distribution in respect of the last preceding Accounting Period but in respect of which no distribution has been declared and any unauthorised expenses;
 - (x) there shall be deducted from the assets the total amount (whether actual or estimated by the Directors) of any other liabilities properly payable including accrued interest on borrowings (if any);
 - (xi) cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Company and with the approval of the Custodian and Trustee, any adjustment should be made to reflect the value thereof; and
 - (xii) the value of the assets shall be rounded upwards to the nearest four decimal places or such other number as the Directors may determine.
- (d) Where the Directors determine to do so in the circumstances described more particularly in the Prospectus they may charge a Dilution Adjustment. The charging of a Dilution Adjustment may either reduce the redemption price or increase the subscription price of the shares in a Sub-Fund. Where a Dilution Adjustment is made, it will increase the Net Asset Value per share where the Sub-Fund receives net subscriptions and reduce the Net Asset Value per share where the Sub-Fund receives net redemptions.

The Dilution Adjustment for each Sub-Fund will be calculated by reference to the costs of dealing in the underlying investments of that Sub-Fund, including any dealing spreads, commissions and transfer taxes. The price of each class of share in a Sub-Fund will be calculated separately but any Dilution Adjustment will affect the price of shares of each class in a Sub-Fund in an identical manner.

The amount of any Dilution Adjustment will be reviewed from time to time by the Manager.

- (e) Without prejudice to their general powers to delegate their functions herein contained, the Directors may delegate any of their functions in relation to the calculation of Net Asset Value to the Manager, to a committee of the Directors or to any other duly authorised person. In the absence of wilful misconduct or manifest error, every decision taken by the Directors or any committee of the Directors or by the Manager or any duly authorised person on behalf of the Company in calculating the Net Asset Value shall be final and binding on the Company and on present, past or future Members.

16. **TRANSFER AND TRANSMISSION OF SHARES**

- (a) All transfers of shares shall be effected by a transfer in writing in any usual or common form and every form of transfer shall state the full name and address of the transferor and transferee.
- (b) The instrument of transfer of a share shall be signed by or on behalf of the transferor and need not be signed by the transferee. The transferor shall be deemed to remain the holder of the share until the name of the transferee is entered in the Register in respect thereof.
- (c) Unless the Directors otherwise agree, a transfer of shares may not be registered if in consequence of such transfer the transferor or the transferee would hold a number of shares less than the Minimum Holding or would otherwise be contrary to the provisions of Article 11 hereof.
- (d) The Directors may decline to register any transfer of shares unless the instrument of transfer relates only to one class of shares and is deposited at the registered office of the Company or at such other place as the Directors may reasonably require, with such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer.
- (e) If the Directors decline to register a transfer of any share they shall, within one month after the date on which the transfer was lodged with the Company, send to the transferee notice of the refusal.
- (f) The registration of any transfers may be suspended at such times and for such periods as the Directors from time to time may determine, **PROVIDED ALWAYS** that such registration of transfers shall not be suspended for more than thirty days in any year.
- (g) All instruments of transfer which shall be registered shall be retained by the Company, but any instrument of transfer which the Directors may decline to register shall (except in the case of fraud) be returned to the person depositing the same.
- (h) In the case of the death of a Member, the survivors or survivor where the deceased was a joint holder, and the executors or administrators of the deceased where he was a sole or surviving holder, shall be the only person recognised by the Company as having title to his interest in the shares, but nothing in this Article shall release the estate of the deceased holder whether sole or joint from any liability in respect of any share solely or jointly held by him.
- (i) Any guardian of an infant Member and any guardian or other legal representative of a Member under legal disability and any person entitled to a share in consequence of the death, insolvency or bankruptcy of a Member shall, upon producing such evidence of his title as the Directors may require, have the right either to be registered himself as the holder of the share or to make such transfer thereof as the deceased or bankrupt Member could have made, but the Directors shall, in either case, have the same right to refuse or

suspend registration as they would have had in the case of a transfer of the share by the infant or by the deceased, insolvent or bankrupt Member before the death, insolvency or bankruptcy of the Member under legal disability before such disability.

- (j) A person so becoming entitled to a share in consequence of the death, insolvency or bankruptcy of a Member shall have the right to receive and may give a discharge for all monies payable or other advantages due on or in respect of the share, but he shall not be entitled to receive notice of or to attend or vote at meetings of the Company, nor save as aforesaid, to any of the rights or privileges of a Member unless and until he shall be registered as a Member in respect of the share **PROVIDED ALWAYS** that the Directors may at any time give notice requiring any such person to elect either to be registered himself or to transfer the share and if the notice is not complied with within ninety days the Directors may thereafter withhold all moneys payable or other advantages due in respect of the share until the requirements of the notice have been complied with.

- (e) If the investment limits permitted by the Regulations are exceeded for reasons beyond the control of the Company or as result of the exercise of subscription rights, the Company shall adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of the Members.
- (f) The Company may not:

- (b) The Company shall in each year hold a general meeting as its annual general meeting in addition to any other meeting in that year. 19. **NOTICE OF GENERAL MEETINGS**

20. PROCEEDINGS AT GENERAL MEETINGS

- (a) All business shall be deemed special that is transacted at an extraordinary general meeting and also all business that is transacted at an annual general meeting, with the exception of the consideration of the accounts and the reports of the Directors and Auditors, the election of Directors in the place of those retiring, the reappointment of the retiring Auditors and the fixing of the remuneration of the Auditors.
- (b) No business shall be transacted at any general meeting unless a quorum is present. Two Members present either in person or by proxy shall be a quorum for a general meeting. A representative of a corporation authorised pursuant to Article 21(m) to be present at any meeting of the Company shall be deemed to be a Member for the purpose of a quorum.
- (c) If within half an hour from the time appointed for a meeting a quorum is not present, the meeting, if convened on the requisition of or by Members, shall be dissolved. In any other case it shall stand adjourned to the same day in the next week, at the same time and place or to such other day and at such other time and place as the Directors may determine.
- (d) The chairman or, if absent, the deputy chairman of the Company, or failing him, some other Director nominated by the Directors shall preside as chairman at every general meeting of the Company, but if at any meeting neither the chairman nor the deputy chairman nor such other Director be present within fifteen minutes after the time appointed for holding the meeting, or if none of them be willing to act as chairman, the Directors present shall choose some Director present to be chairman, or if no Directors be present, or if all the Directors present decline to take the chair, the Members present shall choose some Member present to be chairman.

- (g) If a poll is duly demanded, it shall be taken in such manner and at such place as the chairman may direct (including the use of ballot or voting papers or tickets) and the result of a poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

- (i) In the case of an equality of votes, whether on a show of hands or on a poll, the chairman of the meeting at which the show of hands takes place or at which the poll is demanded shall be entitled to a second or casting vote.
- (j) A poll demanded on the election of a chairman and a poll demanded on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such time and place as the chairman directs not being more than thirty days from the date of the meeting or adjourned meeting at which the poll was demanded.

- (l) A demand for a poll may be withdrawn and no notice need be given of a poll not taken immediately.
- (m) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class or unless otherwise provided herein) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of an Extraordinary Resolution passed at a separate General Meeting of the holders of the shares of that class, to which the provisions of these Articles relating to General Meetings shall *mutatis mutandis* apply, save that

the quorum at any such General Meeting shall be at least two members present in person or by proxy together holding at least one-third of the shares of the relevant class.

- (n) Subject to Section 141 of the Act, a resolution in writing signed by all of the Members for the time being entitled to attend and vote on such resolution at a general meeting (or being bodies corporate by their duly authorised representative) shall be as valid and effective for all purposes as if the resolution had been passed at a general meeting of the Company duly convened and held, and may consist of several documents in like form each signed by one or more persons, and if described as a special resolution shall be deemed to be a special resolution within the meaning of the Act. Any such resolution shall be served on the Company.

- (b) The Directors may by resolution determine either generally or in any particular case or cases that the signature of any such person authenticating the affixing of the seal may be affixed by some mechanical means to be specified in such resolution or that such certificate shall bear no signatures.

29. **DIVIDENDS**

- (a) The Directors may from time to time as they think fit pay such dividends on shares of the Company as appear to the Directors to be justified, subject to any policy statement in relation to dividends in the Prospectus for the relevant Sub-Fund.

- (g) No dividend or other amount payable to any holder of shares shall bear interest against the Company. All unclaimed dividends and other amounts payable as aforesaid may be invested or otherwise made use of for the benefit of the Company until claimed.  - (ii) the dividend (or that part of the dividend in respect of which a right of election has been accorded) shall not be payable on shares in respect of

which the share election has been duly exercised (the “**Elected Shares**”), and in lieu thereof additional shares shall be issued to the holders of the Elected Shares on the basis determined as aforesaid and for such purpose the Directors shall capitalise a sum equal to the aggregate value of the dividends in respect of which elections have been made and apply the same in paying up in full the appropriate amount of unissued shares;

- (iii) the additional shares so issued shall rank *pari passu* in all respects with the fully-paid shares then in issue save only as regards participation in the relevant dividend (or share election in lieu);
- (iv) the Directors may do all acts and things considered necessary or expedient to give effect to any such capitalisation, with full power to the Directors to make such provision as they think fit in the case of shares becoming distributable in fractions so that, fractional entitlements are disregarded or rounded up or the benefit of fractional entitlements accrues to the Company;
- (v) The Directors may on any occasion determine that rights of election shall not be made available to any Member with registered addresses in any territory where in the absence of a registration statement or other special formalities the circulation of an offer of rights of election would or might be unlawful, and in such event the provisions aforesaid shall be read and construed subject to such determination.
- (vi) Where the Company proposes to pay a distribution to a Member, it shall be entitled to deduct from the distribution such amount as may be necessary to discharge the Company’s liability to tax in respect of such distribution and shall arrange to discharge the amount of tax due.

If for any reason it becomes impossible or impracticable to carry out any of the provisions hereof neither the Company nor the Manager nor the Investment Adviser nor the Custodian and Trustee shall be under any liability therefor or thereby. This clause shall not, however, exempt the Company, the Manager, the Investment Adviser or the Custodian and Trustee from any liability any of them may incur as a result of a failure to adhere to their obligations as set out in the Regulations or any liability incurred as a result of any fraud on the part of the Company, the Manager, the Investment Adviser or the Custodian and Trustee.
